

Towards Healthy Brazil: Sustainable Urban Nexus (Water-Energy-Sanitation) in the Tiete River Basin 19-23 July 2021

UK time	Brazil time	Day 1 - 19 July	Day 2 - 20 July	Day 3 - 21 July	Day 4 - 22 July	Day 5 - 23 July
11:00-11:15	7:00-7:15					Case Study Film: Sao Paulo city
11:15-11:30	7:15-7:30					Stakeholder Talk: CETESB representatives
11:30-12:00	7:30-8:00					Interactive discussion of case study (live) Coordination: Norma
12:00-12:30	8:00-8:30					Lunch/coffee break
12:30-14:00	8:30-10:00					ECRs Interactive session/Q&A (live) Coordination: Norma
14:00-14:15	10:00-10:15	Introductions of the programme and speedy networking session (live)	Invited speaker (BRAZIL): José Galizia Tundisi The conservation and management of the nexus Water-Energy and Food in the Middle Tietê reservoirs (São Paulo State, Brazil)	Case Study Film: Pereira Barreto city	Case Study Film: Piracicaba city	ECRs Interactive session/Q&A (live)
14:15-14:30	10:15-10:30		Invited speaker (UK): Sarah Dickin and Layla Lambiasi (SEI) The sanitation and wastewater chain – missing links in climate action	Stakeholder Talk: ASSEMAE – Sanitation	Stakeholder Talk: Consortium PCI representative	Coordination: ALL
14:30-15:00	10:30-11:00			Interactive discussion of case study (live) Coordination: Juliano	Interactive discussion of case study (live) Coordination: Erica	Joint activities Session (outline research proposal) (live) Coordination: Ulysses & Eric & Norma
15:00-15:20	11:00-11:20	Keynote: Dejjana Iossifova Infrastructuring systems: coexistence and coevolution in the Global South	Keynote: Érica Pugliesi Basic Sanitation in Brazil: lessons from the past, interfaces, and challenges for the future	Skills session BR-team (Norma) Tools and social abilities to integrate different actors around socio environmental issues	Skills session BR-Team Interdisciplinary studies and environmental sciences	
15:20-15:40	11:20-11:40	Keynote: Ulysses Sengupta Urban Complexity: problem structuring, temporal dynamics and transdisciplinarity	Keynote: Juliano Gonçalves Water and energy Nexus: current and historical context	Break	Break	Break
15:40-16:00	11:40-12:00	Keynote: Eric Cheung An approach to facilitate system thinking towards synergetic progress in SDG	Keynote: Norma Valencio Connected Crises: how can we escape this?	ECRs session (live)	ECRs session (live)	Joint activities session (publications) (live) Coordination: Ulysses & Eric & Norma
16:00-16:10	12:00-12:10	Break	Break			
16:10-16:40	12:10-12:40	ECRs interactive session/Q&A for keynotes (live) Coordination: UK-team	ECRs interactive session/Q&A for keynotes (live) Coordination: BR-team			
16:40-17:10	12:40-13:10	Skills session (live) UK-team Ulysses and Eric (CPU-lab) Urban simulation framework	Skills session (live) UK-team Solon (CPU-lab) ABM for urban simulation	ECRs Interactive session/Q&A (live) Coordination: Eric	ECRs Interactive session/Q&A (live) Coordination: Norma	Closing of the activity (incl evaluation) (live) Coordination: ALL
17:10-17:40	13:10-13:40					

Key

	Live discussion sessions
	Keynote, Case study & Stakeholder talk
	Invited speaker
	Live discussion sessions: ECR participants and organisers only
